Tailwind CSS • Bootstrap

Databases

MySQL • PostgreSQL

STRENGTHS

Strong problem solver

Clean & maintainable code

Eager to learn & adapt

ABHISHEK DHIMAL

FULL-STACK DEVELOPER | PROBLEM SOLVER | QUICK LEARNER

PROFESSIONAL PROFILE

Motivated Bachelor of Information Management (BIM) student with strong hands-on experience in full-stack web development. Passionate about building functional business applications and designing clean, modern user interfaces. Seeking an internship opportunity to leverage my technical skills in Python, Java, JavaScript, and modern web technologies in a professional, fast-paced development environment.

KEY PROJECTS

Flavoro — Online Food Ordering & Restaurant Management System

PHP • MySQL • HTML • CSS • Tailwind CSS • Bootstrap

- Developed a comprehensive full-stack business application for seamless restaurant management.
- Engineered and integrated core backend modules, including inventory management, real-time financial tracking, and role-based access control.
- Designed a modern, mobile-responsive user interface aimed at providing a professional user experience.

PulseMart — Full-Stack E-Commerce Platform

Next.js • React • Node.js • Express • PostgreSQL • Tailwind CSS

- Built a complete e-commerce flow: product catalog, cart, checkout with online and cash-on-delivery payment, and order tracking.
- Implemented secure authentication with email-OTP verification, JWT sessions, and self-service password reset.
- Designed an AI-powered admin assistant that answers natural-language questions about the store and can take confirmed write actions, backed by a full audit log.
